

Troomi's Commitment to Accessibility

Troomi is committed to making our websites and web apps accessible and user-friendly to everyone. Our websites and web applications have been developed using web standards and accessibility guidelines to allow people of all abilities and disabilities to browse our content. If you are having difficulty viewing or navigating the content on this website or notice any content, feature, or functionality that you believe is not fully accessible to people with disabilities, please email our team at support@troomi.com with "Disabled Access" in the subject line and provide a description of the specific feature you feel is not fully accessible or a suggestion for improvement. We take your feedback seriously and will consider it as we evaluate ways to accommodate all of our customers and our overall accessibility policies. Additionally, while we do not control such vendors, we strongly encourage vendors of third-party digital content to provide content that is accessible and user-friendly.
