

# EASTER WEEK FUN FOR THE FAMILY

Here's a simple way to extend the Easter holiday into a week of family fun!

Ingredients for Easter family bonding:

An Easter basket (fill it with fake grass if you want!)

Seven plastic Easter eggs

Paper

Choose seven prompts from the ideas below, then print or write them on slips of paper. Put one in each egg, and add the eggs to the basket. Then open an egg and do an activity together each day of Easter week (starting the Monday before).

Dye or paint eggs together.

Go on a walk or hike to celebrate spring.

Try an egg toss (either outside or with plastic eggs).

Play "Pin the Tail on the Easter Bunny."

Paint flower pots.

Hang plastic eggs on a tree outside.

Take a basket of treats to a neighbor.

Have a video call with long-distance family.

Learn about an Easter tradition in another country.

Color spring pictures together.
